GOURMET CUISINE

Each of our exclusive wedding collections includes gourmet food for your guests. Prime Experiences db/a Prime Bridal & Events Catering individually prepare one entrée selection for each guest.

All our collections include food and beverage; except for the two DIY Rose and Miniature Rose Collections. You can add additional food, beverage and cake selections to any of the collections for a very reasonable cost. Please ask for details.

When providing your guest count, you need to make sure you count everyone that will be in attendance including children. For example, don't forget to count all members of the wedding party, including the bride and groom. We will provide you with an excel spreadsheet to help make this easy for you.

We recommend that you consider purchasing 10% to 20% additional food to accommodate for heavy eaters or those who show up and did not RSVP.

Food is served in an elegant buffet style. Dinnerware, silverware, cups, ice, and custom napkins are provided. We coordinate your buffet table, sweetheart and specialty tables with your overall color scheme and theme. Bartending services are included in most of our collections. Our bar-tender provides cups, ice, napkins and their pouring skills - you supply the alcohol and mixers.

Twice a month we offer a food tasting celebration to allow you and a guest to sample menu options. If you are a Knockout collection bride, you may bring two additional guests. Others may include additional guests for a cost of \$10 per person; which will be added to your wedding balance. Use our Contact Us flyer or call 770-719-3387 to reserve your table.

Prime Bridal Events and Catering can also provide gourmet food for weddings and events at other venues or in your home. To customize your dining experience, you have your choice of two plans and various menu options. You may also rent our tables, chairs, linens, centerpieces and place settings. Call for details!
